Subject: FW: Thiamethoxam CFS Study Timeline and Statistics

See the email inquiry below about thiamethoxam feeding study.

I didn't want to speak for Christine, but I was under the impression she was kind of booked through March and couldn't help out until then. I didn't want to respond too quickly to Christina, so do you guys have any input given Kris is out this week?

Thanks,

Ryan

Subject: Thiamethoxam CFS Study Timeline and Statistics

Hi all,

PMRA and CDPR are interested in knowing our timelines on Thia's CFS Study. In particular, CDPR's statistician, John Troiano, feels he would be ready for a discussion in approximately three weeks. Christine, that is your call. They would like to set up a call the week of 3/14/16.

How does that look for everyone? Do we need to wait on Clothi to make a timeline call on the CFS? We're on a call with PMRA and CDPR on Wednesday, so I'd like to have a bit of an idea before then.

Thanks!

Christina Motilall
